WIDENING CHURCH STREET.

Street Railway and Electric Light Matters Postponed.

The board of aldermen held an adjourned meeting last night. All were present except Alderman McKinney.

Dr. Egbert Smith and R. G. Vaughn appeared before the board and stated that there was some opposition to the donation of land by property owners on Church street for the purpose of widening that street, and that the widening of Church street and grading of the same as far as Smith street was absolutely necessary for the purpose of drainage, and that there would be no difficulty about the procurement of right of way to that point. They asked that same be widened and graded as soon as possible. Alderman Shaw moved that the matter be referred to street committee with power to act. Carried.

The matter of taking the land of Ceasar Cone, for Chestnut street, went over to next meeting.

Mr. J. F. Jordan, representing a party of gentlemen who are here for the purpose of making a proposition in regard to putting in an electric light plant for lighting the city, and also for putting in a street railway system, stated that they were ready to make a proposition to the city for the same provided the city was ready to act. After consultation it was decided that as the city had advertised that bids would be received until November 15th that it was best to hear all matters pertaining to said lighting and street railway system until after that date.

Alderman Ellington made a motion to that effect. Carried.

OFF FOR MEANSVILLE.

County Candidates Got Off To-Day With Many Followers.

The county and legislative candidates got off at 11:15 to-day for Meansville to speak this afternoon. The campaign is warming up, and larger crowds are greeting the speakers. The Republicans, all except Mr. Douglas, can see defeat staring them in the face, but are whistling to keep up courage. Douglas is likely to be the worst fooled man in the State when it is all over, for he feels that he has no opposition whatever. The republican that expects nothing shall not be fooled in this election. The following Greensboro people went down today to hear the speaking: R. M. Rees, W. J. Blackburn, J. S. Cobb, Logan McCulloch, E. W. Bevil, J. M. Rees, W. L. Wharton, S. W. Porter, Seymour Kirkman, E. W. Lyon, John M. Hamner, Howard Gardner, B. M. Bridges and a few others. It is quite noticeable that more than two-thirds of the above are democrats. The republicans don't seem to be following their "leaders" this year.

TWO GREAT SPEECHES.

Guillford Democrats Renewed in Their Determination.

According to the announcement made in the papers and by poster yesterday afternoon, Hon. Chas. B. Yocum spoke again at the court house last night. In the afternoon, owing to the rain and misunderstanding the room, though about full, was packed; but at night the building was crowded to its utmost capacity and people were turned away by the score.

Never in the history of Greensboro, perhaps, have her people heard more clear cut, forceful, clean and effective campaign speeches than those heard yesterday and last night.

The clear, ringing voice, pleading in earnest tones for white men to bury their differences and stand solidly together for the common interests of the Anglo-Saxon race, will echo and re-echo in the minds of those present long after the victory has been won. No true white man will be indifferent to the earnest demand of his race.

Are Well Treated.

By Wire To THE TELEGRAM.

Washington, Oct. 22—A letter from Lillian Kratz, a trained nurse at Santiago, says everything possible is being done for the sick soldiers. They have cots and ample food—all that can be desired, and are treated as well as could be done under the circumstances.

Jackson, Miss., Oct. 22—The people are already returning to the city, expecting the raising of the quarantine.

FIRST SIGN OF AGGRESSION

By the French Was Shown To-day in the Fashoda Affair.

FRENCHMAN SMASHES WINDOWS.

A Current Number of Punch Published a Cartoon Which Aroused the Ire of the Frenchmen.

By Cable to THE TELEGRAM.

London, Oct. 22—The first sign of French aggression because of the Fashoda affair was shown today when a Frenchman smashed the windows in the front office of Punch with his umbrella. In the window was displayed a cartoon by Sir John Tenniel, which was published in a current number of Punch, and it was this that excited and aroused the ire of the Frenchman.

The cartoon represents Marchand as a monkey upon the street with an organ grinder. John Bull standing by and frowning and telling the French organ grinder to go away. The grinder asks: "What will you give me if I go away?" John Bull replies: "I'll give you something if you don't." The Frenchman who smashed the windows was promptly arrested.

THE WORK OF A SHARPER.

How He Got 25 Cents From a Kernersville Plan.

Mr. George Ray, of Kernersville, was caught by a "sharper" at one of the warehouses yesterday. The fellow put up a pitiful story, saying that a man named John Ahlison was dead and that he was trying to raise money to bury him. After questioning the stranger, who was a white man, Mr. Ray gave him 25 cents.

After the fellow had left a friend told Mr. Ray that the man wanted the money to buy whiskey with. The "sharper" was followed to one of the bar-rooms and Mr. Ray found him there calling for a drink.

You told me you wanted that money to help bury a dead man," said Mr. Ray.

Pointing to a fellow that was unable to walk alone, the "sharper" replied: "Well, there is the dead man."

Mr. Ray employed Mr. J. S. Grogan to prosecute the "sharper" for getting money under false pretense. A warrant was issued for the fellow's arrest, but he was not found last night. Mr. Ray returned home last evening. He stated to the reporter that he expected to make the "sharper" suffer for the lie he told him.—Winston Sentinel.

SAMPSON'S PLAN.

Will Not Be Adopted Without a Struggle If at All.

By Wire To THE TELEGRAM.

Washington, D.C., Oct. 22—Admiral Sampson's plan for having the navy own and operate all government transports is not going to be adopted without a struggle if it is adopted at all. The army proposes having something to say about its own interest in the matter when the question comes before congress as a preliminary to new legislation, which is likely to snarl all interested parties up so that the easiest way out will be to drop it altogether.

The army officers contend that in the next few years the navy will have little to do and the army will have the bulk of the work to do in maintaining our supremacy in the far outlying territory.

Yellow Fever Today.

By Wire to THE TELEGRAM.

Washington, Oct. 22—Today's bulletins from the yellow fever districts show that frosts have occurred throughout Mississippi. There was killing frost in the northern part of the state. The weather bureau predicts the temperature will remain below the seasonal average for several days. The temperature nearly reaches the previous low records in the fever district.

Two Convicts Captured.

The two white Federal prisoners, Enloe and Easton, who made their escape from the penitentiary potato patch last Monday morning were captured Thursday night at Burlington.

It appears that they walked to that place. They were hanging around the depot Thursday night, no doubt waiting to beat their way on some train, when they were seen by some boys who reported the matter to the police, with the result that they were captured.

They still had on their convict garb. They were brought back and placed in the "pen" yesterday morning.—News and Observer.

TILLMAN AT FAYETTEVILLE.

Thousands Heard the South Carolina Senator Yesterday.

Fayetteville, N. C., Oct. 21—This has been a great day for Fayetteville and for all the Cape Fear country. About 1 o'clock last night it began to rain and there were showers during most of the day. It was feared that many thousands would be deterred by the bad weather, which was at its worst about the hour people living back from the railroad would start for the stations, and no doubt that was the case. But, notwithstanding this, there was a great crowd at the speaking, estimated at from six to ten thousand besides those who lined the streets and filled the windows en route.

The speaking was at the grounds of the Cumberland-County Agricultural Society, beyond Mallett's pond, where the grand stand was early filled with ladies and their escorts. The judge's stand across the race track was used for the speakers.

At 11:30 o'clock the procession started from the Lafayette hotel. Three hundred horsemen in red shirts headed it. Next came a float drawn by four horses upon which were twenty-two beautiful young ladies in white, representing the twenty-two precincts of Cumberland. Next came a carriage containing Mayor Cook, County Chairman Huske, Maj. E. J. Hale and Senator Tillman. Another carriage contained Messrs. H. McD. Robinson and J. W. Atkinson, Hons. Thomas W. Mason and W. H. Kitchen. Then followed a long line of carriages and other vehicles. On either side marched the White Government Unions of Cumberland, escorting their guests, the visiting delegations from Wilmington, Bennettsville, S. C., Red Springs, Maxton, etc.

At Senator Tillman's request, Capt. Mason preceded him in the speaking, the senator saying that he wanted to hear a representative North Carolinian's presentation of the case before venturing upon the novel business of advising the people of another state. Captain Mason made an eloquent appeal to the people along the lines adopted by the higher class of our state canvassers.

Senator Tillman spoke an hour and a half, and the crowd were crying out for him to continue when he closed. He is certainly one of the most remarkable speakers in America. It was easy to see in the almost inspired South Carolinian the veritable leader whose victory in his own state under what seemed to be impossible conditions has caused wonder throughout the land.

The Senator said that he had never heard of a state in such a condition politically as North Carolina. In his state the blacks were three to two of the whites, whereas in North Carolina there were but half as many blacks as there were whites. He could not, therefore, conceive of any reason short of idiocy why the whites, with their large majority, did not get together and prevent negro domination. If it were not idiocy, and he knew that the masses of North Carolinians were far removed from that, then the trusted servants of the two wings of what was once Vance's democracy, namely, the democrats and the populists, must have been derelict in their duty. They should have found a way to unite in the face of the dreadful reality of negro domination. He blamed both democrats and populists for their continued division, but made a telling appeal to the populists to accept the invitation of vastly more numerous democrats to return to the party and wipe out from power their common enemy. By so doing the returning populists would strengthen the silver wing of the democracy and help keep the gold bug democrats—if there were any—from influencing the democratic party policy.

Just before concluding, Senator Tillman said: "Well, I have spoken plainly to you people, and maybe you think I have knocked and cuffed you too much. Do you?" The great assemblage answered with one voice: "No, no. Kick us some more; don't stop."—Special to Morning Post.

Mass Meeting of White People.

There will be a great mass meeting of the white people at Goldsboro on the 28th day of October, for the purpose of taking into consideration the political and social conditions of the east. After the adjournment of the convention, there will be short addresses upon the political situation by Honorable T. J. Jarvis, R. T. Bennett, C. B. Aycock, C. B. Watson, Locke Craig, R. B. Glenn, Benjamin Posey and Thomas W. Mason. Senator John W. Daniel, of Virginia, has been invited and is expected to speak. Arrangements will be made with all the railroads for special rates and schedules. Papers throughout the state are requested to copy.

RETURNED TO WASHINGTON.

President McKinley and Party At Home Again

DISAPPOINTMENT AT PITTSBURG.

They Were All Asleep—The Train Carefully Examined for Defects By Special Mechanics.

By Wire to THE TELEGRAM.

Pittsburg, Oct. 22—President McKinley and party, returning from their western tour passed here early this morning enroute to Washington. They were all asleep and only a few persons greeted the train.

They were expected to arrive last night, and there were many inquiries from large crowds who intended to see the presidential party, but when it was announced that the special train would not arrive until three o'clock all went home.

While the stop was made here every part of the train was carefully inspected and examined by special mechanics for possible defects.

Capt. Sigbee, who was on his way from Chicago to Washington, passed through here at 7 o'clock this morning.

BLANCO'S SMART SCHEME.

Plot to Proclaim a Spanish-American Republic in Cuba.

Washington, Oct. 21—According to a private telegram from Havana, Blanco, Pando and other prominent Spaniards had, at the time of the surrender of Santiago, organized a plot to proclaim a Spanish-American republic in Cuba. Preliminary steps had all been taken, and had the plot succeeded the United States might have had another war on hand.

Blanco and the other leaders had arranged that he should proclaim a revolution against Spain, using volunteers and the army to subdue the insurgents. Envoys were sent to Mexico and South American republics asking aid and recognition, Pando himself going to Mexico. Then came Spain's defeat and her suing for peace, which put an end to the plan. It is thought that Blanco's intention was ultimately, if he could succeed in establishing a republic, to turn it over to Spain. Pando's return to Spain was by order of the Madrid government, and he was censured for the part he had taken in the mock rebellion, Blanco having made it appear, when the plot was discovered, that Pando and not himself was at the head of the movement.

SPANIARDS GRATIFIED

At Having Put American Commissioners to Thinking.

By Cable To THE TELEGRAM.

Paris, Oct. 22.—It is reported on good authority that the Spanish Peace Commissioners at the joint session yesterday, submitted proposals respecting the Cuban debt. Unfortunately the proposals were so prolix as to what is involved that the American commissioners were unable to ascertain their purport immediately.

Translators are now working upon them. The Spaniards seem to be gratified at the satisfaction of having transferred to the Americans the task of considering proposals.

Lacks Confirmation.

By Cable To THE TELEGRAM.

London, Oct. 22.—A dispatch from Paris, to the Exchange Telegraph Company says: "There is no official confirmation of the rumor that Marchand has been recalled. The government will not be likely to decide the matter until Captain Baratier arrives."

CONDEMNED BY THEIR OWN.

Another Prominent Republican of Wilmington Favors White Rule.

A reporter of the Messenger last evening called upon Col. F. W. Foster, one of the most prominent and influential of the Republican business men of Eastern North Carolina, and lately chairman of the Board of County Commissioners of New Hanover county, for the purpose of ascertaining his views upon the present condition of affairs in our city.

Mr. Foster said: "Taking into consideration the determined will and set purpose of the citizens who represent the class of our citizens who pay 95 per cent. of the taxes, to take control of affairs, I have remarked to quite a number of people, and am still of the opinion, that it would be best at this time for the republicans not to put a county ticket in the field. While I say this, I want to emphasize the fact that I firmly believe in the principles of the republican party."

In speaking further of the terrible condition of affairs here, Colonel Foster said he recognized the fact that the present movement was one by the business men and tax payers of the community to administer and control their affairs. "I think," he said, "that the representatives of 95 per cent. of the taxes paid ought to control. They ought not to be deprived of their privilege of controlling the administration of their affairs. I want no citizen deprived of any of his rights or privileges to which he is entitled by reason of his intelligence and moral worth, yet I am heartily in favor of the control of affairs by the intelligence, character and property interests of any community."

INCITED NEGROES TO ASSAULT.

The Infamous Speech of a Republican in Richmond County.

Laurinburg, N. C., Oct. 21—The republican county candidates, in company with a white republican by the name of Henry Covington, are now making the county canvass.

Yesterday Covington spoke at Old Hundred and made a villainous speech. He told the negroes they were the best race of people on earth.

He also told them that when our white girls return from colleges and schools the negroes are usually employed to look after them and drive them about over the country, and added:

"If I were in your places I would put my arms around them."

Today they were billed to speak at Mason's Cross roads, near here. The best citizens of Gibson, Laurinburg, Laurel Hill and the community generally, resolved that they would not have a repetition of the occurrences. So they were promptly met by three hundred of our most determined element and advised to make no more inflammatory speeches in lower Richmond.

As for Covington, he was made to stand up in a buggy and retract, saying he was sorry for what he said, and promising never to do so again. He was then put in his buggy and told to hit the grit, which he did.

If men who call themselves white are determined to go round inflaming the negroes, and abusing good white men and women, the people are determined that they shall seek other quarters to carry on their nefarious business.

MAJ. CHARLES M. STEDMAN.

The Charleston News and Courier

Pays Him a Compliment.

The Charleston News and Courier, referring to the announcement that Major Stedman would take the stump, says:

North Carolina has no more loyal son than Charles M. Stedman. Always true to his State and to himself, he possesses the confidence of the people in a marked degree, and it is well that in the present crisis he should be called into service. Since the death of Zeb Vance he is the most eloquent and powerful speaker in the state, and we are sure that he will arouse the white people of the Old North State to a full conception of their danger and duty. In the present contest there is no middle-ground—the civilization of the white man is in peril, and Stedman is in the front line of battle. If the people will follow where he leads, the victory will be won.

A STATEMENT.

I regret to find it necessary to refer to an erroneous impression which has gained currency in the minds of some of my friends in regard to the editorial expressions in this paper on the Tynity College matter. It has been mooted that Dr. Ivey, the editor of the North Carolina Christian Advocate for the North Carolina conference, has been writing editorials for this paper on that subject. In justice to Dr. Ivey I want to say that all such intimations and insinuations are utterly false and without a shadow of foundation. I want to say further that no person, other than the one whose name appears at the head of this column and is signed below this statement, has, since I became editor of this paper, ever written a line for its editorial columns on any subject.

Dr. Ivey is, I believe, a man who would spurn the idea of using the editorial columns of another as a mask behind which to express his views. I believe him to be a brave and a true man. He needs no cloak, and these insinuations are very unbecoming in the men who make them, to say the least of it.

That Dr. Ivey and myself are good friends I am proud to acknowledge; but that he has ever in the slightest degree even suggested the policy of any editorial in this paper, I emphatically deny, and I hope those who have done him and myself the injustice of circulating these reports, will at once correct the false impressions made.

Respectfully,
Robt. M. Phillips.

When the county candidates get around to Greensboro listen carefully and see if Mr. Douglas declares he is "for a white man's party." He declared at Hodgins' store that he was. According to this, if you ask him the color of a flock of sheep composed of one hundred and twenty black sheep and thirty white ones, he would declare they were all white. A man who can't tell a black sheep from a white one would be a pretty specimen to send after white wool.

We have been asked several times who were the "ladies of Greensboro" referred to in recent publications as having presented Company E, of the Third regiment, with a flag. The colored women, of course.

"Glenn and Aycock are both most effective speakers," said a citizen last night, "the only difference being that Bob Glenn uses a sledge-hammer, while Aycock employs a sword." Well said, and with these weapons they are experts. Woe be unto the fusionist who gets within the range of their thunderous blows and piercing strokes.

OUR INFLEXIBLE DEMANDS.

Spaniards Say We Won't Make Any Concession For Peace.

London, Oct. 21.—The Paris correspondent of the Times records a visit he received from "a great Spanish personage, who seems to have been commissioned to ascertain the trend of public opinion on the peace negotiations." The correspondent says that the personage appeared to be much depressed. He said he had found great general sympathy for Spain, but had not discovered any possibility of obtaining moral support against the American delegates, who were inflexible in their demands, and who, with much politeness, had categorically refused hitherto to make the slightest concession in any of their instructions. It seems that they have never asked Washington for the slightest modifications.

The Americans adhere to the method of conducting the negotiations by written memorials and written replies. The Spaniards try repeatedly to start a verbal discussion in order to obtain a deviation from the inflexible line followed by the Americans. Senor Abarzuza, a member of the Spanish Commission, who is reputed to be a master of English, especially attempts to initiate conversation. Being eloquent, he always profoundly impresses the Americans, who listen attentively, but rigidly maintain their procedure.

The personage told the correspondent that he found the Spaniards much discouraged. They were convinced that the United States was bent on a rigorous exercise of its rights as a victor. He recalled the statement of Prince Bismarck as to the necessity of avoiding the abuse of victory, by which the conqueror loads himself with a crushing burden that is almost more damaging to himself than to the vanquished.

"The Americans," continued the speaker, "are not adopting this wise and humane view. They refuse to make any concession on the financial question. We have vainly urged that they themselves accepted financial obligations from England after the war of independence, accepted burdens in connection with Texas, and that it would be an arbitrary course and a vexatious precedent to throw the Cuban debt on Spain. All has been useless. Now, what our delegates should say to them if they persist is:

"We are in your hands. You are the victors. We once committed the folly of going to war with you because you did not leave us time to avoid it and because you treated us so that we were bound to plunge into war, though we foresaw the result.

But we will not commit the fresh folly of recommencing it in any form. We submit to your dictate and leave the world to judge them, but no human force can compel us to subscribe to them and we shall not subscribe."

Paris, Oct. 20.—The Gaulois says that from such information as is obtainable there is reason to believe that an understanding has been reached by the Peace Commission in the matter of the Cuban debt, upon the basis that the United States refuses to assume the debt, yet will guarantee debts contracted solely in the interest of the island.

The Gaulois asserts that political motives are at the bottom of the postponement of yesterday's session of the Peace Commission. The American Commissioners, the paper argues, replied to certain arguments on the part of the Spanish by declaring that the United States would definitely refuse to accept the whole Cuban debt, though they were prepared to guarantee the local debts incurred in Cuba development. This contention on the part of the Americans was submitted by the Spaniards to the Madrid Government, which delayed its answer, hence the postponement.

Respecting the Philippines, the Gaulois says it is learned from a trustworthy source that when the protocol was drafted and was submitted prior to signature to the Madrid Government, the Sagasta Cabinet agreed to its terms provided that Spain's sovereignty over the islands should be maintained intact. The Washington Government offered no objection to this, and Spain thereupon approved the protocol, containing a vague clause referring to the occupation of Manila.

The Gaulois points out the fact that the republicans of various states include the question of the retention of the Philippines in their election platforms. The American Commission at Paris is chiefly composed of republicans, and they would consequently feel the awkwardness of discussing the Philippines lest the admission that Spanish sovereignty over them should be reserved might cause a loss of votes to the party.

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs. Howard Gardner.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

The greatest luxury to this century is R. A. Patterson's Lucky Strike plug and cut-plug for smoking and chewing. For sale by all tobacco stores, drug stores and hotels in this city.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure.

Andrew Carnegie says, in New York that he will not financially support the shipyard project for that port.

Beats The Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages, and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and \$1.00. Guaranteed to cure or price refunded.

Resolutions of Denial.

We, the literary societies of Jefferson Academy, in special called meeting met and took the following action in reference to a report, or reports relative to the school taught here:

We learn that it is being circulated by some that social equality, politics and mixed schools (the races) is being taught and advocated by the principal.

We, as students and members of the literary societies, denounce the report as a flagrant injustice to the school, and the same is a positive falsehood from beginning to end. We further state that the school is non-sectarian, non-political and free from same, and authorize our officers to publish the above.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Howard Gardner.

The Italian bark Esther, from Naples, was wrecked off the South American coast and four of her crew were drowned, the remainder reaching Montevideo.

The Topeka (Kan.) Capital in describing an accident makes the remarkable statement that "as the victim lay groaning in his unconsciousness that rats crept out of their holes, and emboldened by his silence, came closer, until one dared to bite his hand."

Texas has been invaded by an army of strange bugs, which are described as "angular shaped creatures, in form something like the body of a patent smoothing iron, with bushy tan or mouse colored hair bristles extending from every part of the body." The insects sting, but it has not yet been determined whether the hair or feet do the stinging. Very serious results have followed where people have been stung.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Howard Gardner.

The wood sawyers of Atlanta, Ga., two hundred in number, have formed a Trust, and have raised the price of sawing stove wood from 75 cents to \$1 per day. Every man of the organization is a blind man or a cripple.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c per box. Sold by C. E. Holton, druggist.

A Southern editor observes that "just as we have taken Manila, with all its rope resources, Massachusetts turns around and abolishes hanging;" to which the Boston Transcript replies: "Massachusetts would still try to find rope enough for certain eminent Philistine anaxionists to hang themselves with politically if they would only take the hint."

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy, and it always prevents an attack. BRIEF LOCAL MATTERS.

Read the new ad of Odell Hardware Company in this issue.

One week from circus day. Next Saturday the parade will make things hum.

Dr. Smith will preach tomorrow night the third and last sermon of the series of Judas Iscariot.

McClamroch Bros., have a new ad in their space today. Read it and be benefited thereby.

J. N. Davis left on the belated noon train today for Roxboro to spend Sunday with "Her."

Sam Marshall, of Charlotte, was in the city a short while this morning and left at noon for Reidsville.

S. Bryant, of Randleman, came over this morning by private conveyance and returned home this afternoon.

Capt. J. M. Burton, of Summerfield, than whom there is no truer white man and democrat in all North Carolina, was in the city today. He tells the Telegram that white people will make gains in his section the coming election.

There is a larger number of country people in town today than in any day for months past. All the hitching lots are full and the farmers are buying their winter goods. All the merchants are busy, trade being far better than usual.

Attention is called to Messrs. D. Bendheim & Sons' new ad. They offer special inducements in dress goods, silks, ladies and children's coats and capes, blankets, underwear, etc. It will pay you to give them a look before purchasing in their line.

A gentleman whose home is in Tennessee, but who is in the city visiting, went out to hear Aycock speak yesterday and last night, said to a Telegram man: "If there was nothing else in this trip for me those speeches would amply repay me for the time and expense of coming here."

Some one broke open a slot machine at Vanstory's stable last night and procured about fifty cents in cash and two dollars worth of cigars. The machine belongs to W. F. Clegg, and is made for the convenience of smokers. This is the third time it has been robbed and this time was badly damaged.

D. Schenck, Jr., went to Thomasville this morning to speak at the barbecue in response to a number of telegrams received last night, requesting that he be present. Mr. Schenck is an eloquent and convincing stump speaker and by his quickness of mind makes it exceedingly warm for the fusionists wherever he appears.

Tom Stroud, a big, black "I'm-the-bully-of-the-town" looking negro, went down to the market house this afternoon and "jawed" John King one of the registrars. Mr. King is one of the registrars and believes in White Supremacy of the supremest kind and had raised a chair to crown the black rascal, when Officer Jordan went up and drove the negro away. Stroud is a mean, mouthy negro and the police will welcome the day when some one mashes his mouth out of talking condition.

Best you ever saw for the price, are the Natural Wool and Camel's Hair Suits of Underwear for men that Thacker and Brockmann are selling at \$2.00 and \$2.50.

Campaigning in Randolph.

Major Chas. M. Stedman returned to the city yesterday from Randolph county, where he made four speeches, one each at Moffitt's Mills, Franklinville, Enterprise and Asheboro. The Major tells us the good people of Randolph are determined in this fight and propose to stay in to the finish.

He Should Win.

In putting up for Solicitor of the Fifth District Mr. A. L. Brooks, of Greensboro, the democrats made no mistake. There is not a law-abiding man in the entire district who will ever have cause to regret voting for Mr. Brooks. He is clean, capable, honest and fearless; young, energetic and a man with a record that is enviable. He is a Bryan democrat, and The Farrago hopes to see him elected by a rousing majority.

If the people will consider, before voting, they will cast their vote for Mr. Brooks. His candidacy appeals to all men who believe in decency. Politics, in the office of Solicitor, should cut no great figure anyhow. What is wanted is a man who knows his duty and who will perform his duty. Such a man is A. L. Brooks, and good men over the entire district should see to it that he is elected.—Danville Farrago.
